

Thank you for your interest in participating in an AHA CPR/First Aid Class instructed by the Brownsburg Fire Territory Training Center.

Brownsburg Fire Territory offers the following types of AHA Certification Classes.

- Heartsaver AED – This class is for lay person (not healthcare providers). It covers adult, child, infant CPR, use of an automated external defibrillator (AED), and choking rescue for all ages. The cost is \$30 per participant.
- Heartsaver First Aid – This class covers first aid topics. The cost is \$20 per participant.
- Heartsaver First Aid & CPR – This class covers first aid and CPR (non healthcare provider) for all ages, and automated external defibrillator (AED). It is offered as a one day class or participants can opt to separate the first aid and CPR class and take them on different dates within 30 days of each other. Cost is \$40.
- Healthcare Provider BLS CPR – This class is for healthcare providers (nurses, EMT, Doctors, etc). This is the AHA two year certification required for most healthcare providers for their profession. The cost is \$30 per participant.

These classes are American Heart Association two year certification classes. Certification cards are given upon successful completion of the class.

AHA requires participants have access to a student manual before, during, and after class. The manual will prepare you on what is covered in the class and will help you review the material after the class is over. You may purchase the required student manual for your class at the following websites:

[www.eworldpoint.com](http://www.eworldpoint.com)

[www.laerdal.com](http://www.laerdal.com)

[www.aha.channing-bete.com](http://www.aha.channing-bete.com)

Please purchase the appropriate student manual for the class you will be attending. Most distributors can ship the manuals within a couple of days. If you are unable to purchase a manual prior to class, feel free to contact our office to check availability of a student manual for your class.
